I have just returned from a formight's visit to the of the Potemac, in which time I tramped not the mad more than once from right to left and from rear to front of encampments containing ever seen on the "American Continent." While there. I duity took notes of all incidents worthy of they had cost many miles of travel through loss fatall than the whisky by at least a hundred per rough roads, in the wild storm, and under varids.

The tents are no holiday affairs. They are what to the Hon. E. M. Stanton, Secretary of War.

appose the Army of the Potomac is a army err greatly. It works hard and incessant accepted for the pittless storm nor the burnin of such a day as last Saturday, when the ver those thick woods seemed to be on fire. To

from before forktown to before Richmond, the great theroughters of the future would already be reading out he front across the Philos.

Inn. Halleck's army worked like galley-slave-brone Corinth. The monuments of their trials will stud a long time. Their effects will probably be a will appreciated by the surgeons and nurses as by Esuregard. I believe the work of Gen. McClellan's any will be crowned with more substantial success.

Scase and death.

There the camp is permanent, the men dig wells, are tinks, bury the offsi out of sight and smell, sare they stay but a day or two at one place cannot do treee things, and, consequently, they in an atmosphere of unb aithfulness, breathe it faitly a compound of villainous smells, sickly, asting, omnous si all fevers. The water they are surface water, not much better than that he could where they have the proceed of the proof of keep the hospitals, as yet, comparatively unburdened. They must get to Richmond before the sundraws cut the missma of camp and swamp, or the army, so hopeful, so hard-worked, so cheerful, will be under the charge, not of the reoelhon, but of the

best habing on the Pennsalu, by the way) was one day ordered to move forward a half or torse quatters of a mile, toward White Oak Swamp. The movement was quickly followed by a corresponding movement on the part of Gen. Kearney's Division, of which Berry's Brigade formed the left. He stones threw up rifle-plie on his troot, and they were extended along the whole line. Here, then, was a line of rifle-part, three-quarters of a mile as advance of the next line bekind, which, till then, had formed the front of the main line of the army. Preparations for defense them rapidly progressed. It any domicile of some absent Virginian stood in the way, forthwith it was torn down; orchards were leveled. forthwith it was torn down; orchards were leveled with the earth; points of timber meeting each other were slashed; and what an hour ago was four large fields, became one a good deal larger than all. It might have been not inaccurately represented by V's

Timber. Timber. Timber. Timber. Of course, the triangles were not so regular as they must be made with types, nor did the open and timbered space run in such a straight line, but the above was the general appearance of the country, when Berry moved in. The first thing done was to straighten the timber, which was done by cutting it wherever it extended beyond his line. Soon the larged line, represented by the lines of the above file-pits, represented by the black lines. Then the rebeis threatest he front! Regiments from other brigates were a number of Rebel prisoners taken on the line of the line of the line of the line of the load. North State than in those from any other quarter, at least, they are cipation.

The laws of the United States in the District of Columbia prohibited the importation of slaves for cale or residence, decirred the slave imported from the laws of Virginia and Maryland. They have been represented by the black lines. Then the rebeis threates the front! Regiments from other transfers were a number of Rebel prisoners taken on the laws of the load of the country, and the trunks of them by a very skillful eurgeon, and the utmost attention paid to his wants; in return for which he has munifested a great doal of imposence and interpretation of the subscience in the mon of the old North State than in those from any other quarter, at least, they are cipation.

The laws of the United States in the District of Columbia prohibited the importation of slaves for cale or residence, decirred the slave importation of the view of the united states in the District of Columbia prohibited the importation of the view of the united states in the District of Columbia prohibited the importance of the united states in the District of Columbia prohibited the importance of the united states in the district of Columbia prohibited the importance of the states of the united states in the district of Columbia prohibited the importance of the states of the united states in the district of the states of the laws of the united states in the states of the Of course, the triangles were not so regular as they ened the front! Regiments from other brigades were ordered up to support Berry. Hundreds from them and of his men, crossed the field, and mashed the timber in all the triangles of the upper line—that is they can it so that it fell in all directious, and wou thus prevent he approach of the enemy in line of buttle, making it necessary that his intentry should screenle over the stashed trees, helter skeller, our

sommele over the classical trees, helter skeller, our artillery playing on him beautifully for miles, his artillery and as alry being of no use at all.

What the artillery could have done in the case your readers can see at a glance by considering that now the parallel thack lines form the field of buttle, the line on our ride being entrenchments suitable for milement or artillery, and occupied by both, while that opposite is exactly adapted to be terrifically raked from one end to the other. Afterward another advance would be made in the same manner. raked from one end to the other. Afterwar

and by a similar process does the Grand Army clowly approach the Rebel Capital. When we get beyond the clashed timber, roads are mude, of course, for purposes of convenience and retreat in case of disaster, but it will be seen and retreat in case of disaster, but it will be seen that, with several such fields as I have described, the army of the Fotomae, having the best artillary in the world, cannot be whipped, except on the supposition that the men are not good lighters—a hypothesis afterly unenstained by their conduct in the hard-fooght battles they have wom. Having 'em attready, then, as bieintzelman says, and every day but adding to the certainty of our success, it is certain the attack will not specify be made by us, and, with the late I seen fresh in the minds of the tain the attack will not specially be unde by us, and, with the late keson fresh in the minds of the Rebel chiefs, they will not be in a turry to bring on an engagement. The weather continuing favorable we shall be able to attack them along their whole. an engagement. The weather continuing favorable we shall be able to attack them along their whole line in from six to ten days—by hard work a little

the case!

No army in the world was ever better provided with food than ours. There is no noft bread beyond White House, the beef rations do not get to the front regularly, and potatoes are very scarce. Hard cas kers (before I got used to them it took me just a mile and a half to eat one cracker!) "sait hoes," as the boys call it, really corned beet, bacon and salt pork, are served out regularly, and the coffee which is not the surface of the surgical and medical by operation of law immediately on the consummation of the act of forfeiture; and the suit was merely the judicial form of authenticating the title the law farmed with food than ours. There is no noft bread beyond White House, the beef rations do not get to the front regularly, and potatoes are very scarce. Hard cas kers (before I got used to them it took me just a mile and a half to eat one cracker!) "sait hoes," as the boys call it, really corned beet, bacon and salt pork, are served out regularly, and the coffee which is not in the confirmation and illustration of the views formerly presented, you are at liberty to do so. Had I thought of this case, to the Editor of the K. Y. Tribuse.

STATES AFTER THEY ARE CONQUERED.

The Richmond Dispatch case that the following and medical by operation of law immediately on the consummation of the act of forfeiture; and the suit was merely the judicial form of authenticating the title the law by operation of law immediately on the consummation of the act of forfeiture; and the suit was merely the judicial form of authenticating the title the law judy operation of law immediately on the consummation of the act of forfeiture; and the suit was merely the judy of the consummation of the act of forfeiture; and the suit was merely the judy of the consummation of the act of forfeiture; and the suit was merely by operation of law immediately on the consummation of the act of forfeiture; and the suit was merely by operation of law immediately on the consummation of the act of forfeiture; and the suit was merely by operati measured terms, is at least an improvement upon the unmixed swimp water of our camp, and does not scored the skin off your throat like the villations Gen. Casey, after the battle of Seven Pines, on decedion, called commissary whicky. The coffee is decedion, called commissary whicky. The coffee is less fatal than the whicky by at least a hundred Headquarters of should have spared you a long dissertation by this friend of humanity, ask you to take up the records of the course of The Journal from the date of the important letter was found in the headquarters of should have spared you a long dissertation by this friend of humanity, ask you to take up the record of the course of The Journal from the date of the important letter was found in the headquarters of should have spared you a long dissertation by this friend of humanity, ask you to take up the record of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the date of the course of The Journal from the course of The Journal from the date of the course of The Journal from the course of The Journal from the date of the course of The Journal from the co

Court-House, at Fair Oaks, and in the different kiradshes had with the Rebels since our advance to- of all good men. skirmisher and open field, thus:
Timber. Timber. Timber. Ward Richmond. Of the Rebet wounded, 21 are from North Carolina, and one each from Virginia and Louisiana. The regiments from North Carolina Louisiana. The regiments from North-Carolina H. WINTER DAVIS ON CONFISCATION AND a battle suffered very heavily in the two above-mentioned battles, as they have done in most of the eugage-

cound the Elm City at White House, and left at cale or residence, declared the clave imported free, battude which they have stolen into.

forced into the service away from a sick and wid- asserted the claim before the courts of the District owed mother. He is gl d to cecape from Seconda, and of Virginia, and the Supreme Court has auowed nother. He is in a to easie from Seessia, and has sent word to bis mother to meet him where sine can be under the protection of the Union army. The most recent case that I recall is that of Rhodes vs. Beil (2 Howard 3.7). Decided in 1844.

writer was on board, and two or three others are lying at the point of death. Most of the wounded are from the field of Fair Oaks and in froot of Richmond. Unfortunately, they received but little attention, owing to a lack of surgical and medical assistance, until they were taken on board the Ein City. This ship, like the Fulton, has been under excellent management, and no pains have been spared to administer to the wants of the sick and wounded men, some of these brave and battered soldiers remained many hours in the diches, rifle-pits, woods, and fields before they were provided with food and shelter, or surgical and.

receiving your address to the President of the United States, and the proceedings of your venerable body

EMANCIPATION.

BASTINGAR, Md., June 15, 1862.

My DEAR Sen: In the basty note of the 6th June

at home.

There are many severe cases of sickness on board.

Those are old laws passed in the good old times, this transport. One poor fellow died while the before men were anitten with madness. But the writer was on board, and two or three others are Compromise acts of Mr. C/ay, passed in 18.0, emsurgical sid.

Many of these gallant men express great anxiety to
Many of these gallant men express great anxiety to
return to the seat of war as soon as possible to avenge
Republican Congress might safely err in company

their injuries.

There are 16 contrabands acting in the capacity of servants on board the Elm City. They are delighted with the idea of freedom. One whose back is laced with scare, said he was born a slave, but he was thankful be should not have to die a slave.

There are about a thousand men in the hospitals at White House.

The assault near one may on the religiond the other.

Stalk ARIMEN REFORD RECEMBOND.

Second: If we attack very soon, it will be on second of some advantage given us by the enemy. Meanwhile, every preparation for the sick and wonded should be made, and I hope never again to see a man with a ball in his arm eight days after it was shot there, and his surgeon not yet knowing of the case!

The Operations and Conditions.

Washington, June 18, 1862.

Washington, June 18, 1862.

Live attack very soon, it will be on second allowed a great alarm among the teamsters and satters at White House.

Col. Blues, Col. Johnson and Mr. Carpenter, go was by suit in the name of the negro against the owner for freedom, in the form of an ordinary action of trespass, and the title to freedom was cested by operation of law immediately on the consummation of the set of forfeiture: and the suit was merely the set of forfeiture: and the suit was merely the set of forfeiture: and the suit was merely the following is a last of this floating heapital:

C. Ehis, M. D. So goon in charge.

STATES AFTER THEY ARE CONQUERED. so very familiar in my legal experience and in that Siz: I wish to call your attention to the above slip of every gentleman of the Bar in this region, I from The Louisville Journal, and, as a soldier and ensures terms, is at least an improvement upon the important letter was found in the headquarters of should have spared you a long dissertation by this friend of humanity, ask you to take up the record of

come as much attached to the Union, without condition, as any of the Northern States, thus placing an insurmountable barrier to the access of that perion of the Union which would be most likely to rebell against the constituted authorities.

It is very certain that no south argument is worth a straw with the Southern Rebells but that of the beyonet, and we would be recreamt to the cause of liberty on this earth if we did not use it effectively. The President, leaded the war pewer so to do is clothed with the legal power to take nullitary possession of all the railroads in the United States, leaded the war pewer so to do; the lines will reder the possession and coatrol of the lines will reder the possession and coatrol of the lines will reder the possession and coatrol of the lines will reder the possession and coatrol of the lines will reder the possession and coatrol of the lines will reder the possession by the line. We have the honor to be, very respectfully, year shifts early a couple of tooys, who conversed with him for daty, wo or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or three tagains since, was captured on Friday two or the tagain since, was captured on Friday two or three tagains since, as captured on Friday two two or three tagains since, as

SOUTHERN REPORTS FROM BEAURE-GARD'S ARMY.

on the subject of the existing insurraction, by which that address was accompanied.

These papers have been submitted to the President. I am instructed to convey to you his most profound and grateful acknowledgments for the fercontain. For many years hereafter, one of the grentest subjects of felicitation among good men will be the signal success of the Government of the Union States in preserving our Federal Union, which is the ark of civil and religious liberty on this which is the ark of civil and religious liberty on this civil and religious liberty on the civil and religious liberty of the civil and religious liberty of the file union Countil to Count

United States in preserving our Federal Union, which is the ark of civil and religious liberty on this Continent and throughout the world. All the events of our generation which preceded this attempt at revolution, and all that shall happen after it, will be deemed unimportant in consideration of that one indispensable and invaluable achievement.

The neur of our generation, whose memory will be the longest and the most honored, will be they who bloomly the most ferevolity.

a battle.

The army will no doubt fall back as far as it is necessary to find a more healthy region than Corinth and better water than can be found there.

ments between the respective armies during the war. It looks as if the Southern leaders had more confidence in the men of the old North State than in those from any other quarter, at least, they are always found in the front, and hold the post of honor.

There were a number of Rebel prisoners taken on the southern than the probability of the United States in the District of Taylor and the probability of the United States in the District of Columbia prohibited the importation of slaves for the United States for the United S

board the Elm City at White Hoase, and left at board the Elm City at White Hoase, and left at board the Elm City at White Hoase, and left at board the Elm City at White Hoase, and the atmost of them by a very shilfful surgeon, and the atmost attention paid to his wants; in return for which he has manifested a great deal of impudence and ingrations.

One of the Rebels is a mere bey of sixteen; he was wounded in the back, and states that he was forced the freedom vested by those inws. I be was wounded in the back, and states that he was forced the claim before the courts of the District of exercise away from a sick and widnesses. dug. There are also a number of take-overs built there for the use of the array, and many other con-vamences conductive to the comfort and health of the varieties conductive to the comfort and health of the tarny, that could not be arranged or got at any other place. Malleck's army is east to be following up our forces, and skiranishing occurs daily, with varied results. The train brought down several more of the prisoners that were taken in some of three skiranishes.

GENERAL HEADQUARTERS, STATE OF NEW YORK, ADJUTANY GENERAL'S OPPICE, ALBERT, June 18, 1992

GENERAL ORDERS, No. 37.—The Trustees of columns of the columns of

of their grounds for the interment of soldiers in the Volunteer service from this State who may have fallen in battle or died of discase, the following regulations adopted by the Trustees are hereby published for general information:

1. Notice of interment should be given at the office of the

of servants on board the Eim City. They are oblighted with the idea of freedom. One whose back is kneed with sears, and the was born a slave, but he was thankful he should not have to die a slave.
